

FORM FOR EMPLOYERS

INSTITUTION: Institute of Technology and Life Sciences - National Research Institute

CITY: Szczecin

POSITION: Research Assistant

DISCIPLINE: Agriculture and horticulture

POSTED: 29.01.2024

EXPIRES: 23.02.2024

WEBSITE: www.itp.edu.pl

KEY WORDS: environmental protection, biochar, greenhouse gas emissions, agriculture,

DESCRIPTION (field, expectations, comments):

The ITP-PIB Branch in Szczecin is looking for an employee for the position of Research Assistant to join the team conducting research in the field of environmental protection and agriculture, the use of biocarbon in agriculture, the sources and impact of greenhouse gas emissions, and the assessment of environmental conditions and risks.

Range of common tasks:

- participation in field research (sampling of surface and ground water, sampling of soil and plant biomass for laboratory analysis);
- conducting experimental work;
- raising qualifications, making efforts to obtain higher degrees and academic titles;
- disseminating the results of scientific research and development by writing scientific publications and active participation in scientific life;
- participation in the organizational work of the Szczecin Branch and the entire Institute.

Required qualifications:

- higher education – at least a master's degree in environmental protection, specialization in the assessment of the condition and hazards of the environment;
- predisposition to scientific work confirmed by the opinion of previous employer/the supervisor or dissertation supervisor in the case of employment for the first time;
- knowledge of English at least at B2 (Upper-intermediate) level according to the Common European Framework of Reference for Languages (CEFR), confirmed by a certificate (e.g. FCE) or candidate's declaration;
- knowledge of the Polish language in speech and writing at at least a communicative level (in the case of a foreign candidate)
- at least one published scientific work with at least 100 points according to the latest list of MEiN journals (independently or with co-authors), possibly a statement about qualifying the work for printing. In the absence of publication, the master's thesis defended with honors. A relevant certificate must be attached.

Additional requirements and skills:

- participation in scientific conferences;
- the ability to use the MS Office package at a high level;
- experience in research work (participation in international and/or national projects)
- very good time management and organization of own work;
- analytical thinking skills and creativity;
- ability to work in a team;
- ability to organize scientific research;
- willingness to improve own skills.

Interested persons are requested to send their offers containing:

- an application addressed to the Institute Director;
- a curriculum vitae (CV);
- a copy of the university diploma;
- a copy of the document that confirms an obtained degree or a scientific title (if the candidate has);
- an opinion of the previous employer/supervisor or master's thesis supervisor in the case of first employment regarding the candidate's predispositions to scientific work;
- a certificate or candidate's declaration of knowledge of English at least at B2 (Upperintermediate) level according to the Common European Framework of Reference for Languages (CEFR);
- a certificate or declaration of the candidate on the knowledge of the Polish language in speech and writing at at least a communicative level (in the case of a foreign candidate);
- list of publications;
- other documents deemed important by the candidate, in particular confirming the requirements and additional skills;
- a declaration on the exercise of full public rights and no criminal record for professional and criminal offences;
- a declaration of consent to the processing of personal data for the purposes of the competition, in accordance with the Personal Data Protection Act of May 10, 2018 (consolidated text, Journal of Laws of 2019, item 1781).

The documents must be submitted until **23.02.2024** with the note "**Competition**" at the address:

Institute of Technology and Life Sciences - National Research Institute
Falenty, al. Hrabka 3
05-090 Raszyn, Poland

Head of the Commission - Prof. Jerzy Barszczewski, Ph.D. Eng.

The competition will be settled by **08.03.2024**.
